Also Present: Scott Bois, Treasurer/Collector, Jim Judge, Principal Assessor, James A. Wilson, CFO

The Chairman called the meeting to order at 9:07am

Mr. Bois reviewed the FY14 Special Assessment for preliminary taxes assessed to land owners of undeveloped land, noting the breakdown of payments due and the calculation. The Board was informed that the assessment was billed in the first half of the year and already collected, to pay the debt. Mr. Bois noted that several parcels, undeveloped when the special assessment was levied, were new residential homes. Discussion ensued on the equivalent units used to calculate special assessment values, and discounts applied to lots designated as work force housing, in accord with the Affordable/Work Force Housing Program. The Assessors were informed that the Special Assessment was designed to slide, as property values increased the total debt service would become self-contained within the taxes collected, and there would be no more special assessment to land owners.

**VOTED: Motion of Jack Pistorino, seconded by Pamela Pantermoller, that the Board of Assessors recommends favorable action to the Board of Directors for the FY14 Special Assessment Reallocation of Assessments for FOST 1 & 2 as submitted to the corporation by MUNICAP, and in accord with the approved bond authorization of April 27, 2010.**

**Unanimous vote**

The Assessors reviewed and signed the Department of Revenue Recap Schedules. Discussion ensued on the ATB cases filed by LNR South Shore LLC (110 parcels) and William B. Rice Eventide Homes (1 parcel). The Board was informed that the Overlay would be the same as last year.
